Loveland, Colo. – KeyPoint Government Solutions Inc. (KeyPoint) is forming an Advisory Board of industry and market subject matter experts representing key areas of government to provide strategic support to senior management and foster corporate growth endeavors. Well-respected authorities from the diplomatic, intelligence, military and law enforcement communities will comprise the Advisory Board and serve as strategic advisors on operations and business opportunities for KeyPoint. Retired Brig. Gen. David L. Grange is to be elected as the first member of the KeyPoint Advisory Board.

“The Advisory Board constitutes an important collaboration with the objective of building active, long-term partnerships that will help KeyPoint achieve our vision,” said Jeffrey Schlanger, president and CEO of KeyPoint Government Solutions. “We are looking forward to working with these esteemed leaders to support organizational goals and strategic objectives. KeyPoint is especially honored to welcome Gen. Grange, whose admirable service record and leadership experience position him to be a valuable partner.”

Members of the Advisory Board are being selected for their superior knowledge of the needs and expectations of customers in their respective disciplines, as well as their ability to navigate a complex market and collaborate with senior leaders of KeyPoint to guide strategic decision-making with regard to growth and daily operations. The Advisory Board’s work will complement the existing efforts of senior leadership to keep KeyPoint at the forefront of their field, delivering the most innovative, customer-driven solutions for government organizations.

"I look forward to contributing to KeyPoint's comprehensive investigative, security and program management solutions for its public and private sector partners with its reputable team of experienced leaders worldwide," said Grange.

Grange is a highly regarded infantry and special operations officer who retired from the U.S. Army in 2000. He then served as the CEO of the McCormick Foundation and in May 2009, he became Chief Executive Officer of PPD LLC, a NASDAQ contract research organization where he is currently employed.

A complete listing of KeyPoint Advisory Board members and their qualifications are available at the company website: www.keypoint.us.com.

KeyPoint Government Solutions is an investigative and risk-management services company that delivers advisory, monitoring, compliance and other solutions across a variety of related practice areas. Our primary areas of expertise include background investigations, infrastructure safety and security, emergency management, correctional services, fraud investigations and program management. Led by team of highly regarded industry authorities, our workforce of almost 2,000 investigators and subject matter experts supports a wide variety of clientele including the Department of Homeland Security (DHS), the Office of Personnel Management (OPM), Customs and Border Protection (CBP), and more. Our reputation is consistent with quality, integrity and exceeding both our clients' and employees' expectations. KeyPoint has offices in Washington, D.C., New York, N.Y., Austin, Tex., and Loveland, Colo.
