**KeyPoint Government Solutions names Adam Lurie Managing Director in its Clearance and Inspection Services Business Unit**

Loveland, CO., Jan 15, 2012 – KeyPoint Government Solutions has named Adam Lurie as Managing Director in its KeyPoint Clearance and Inspection Services Business Unit. He will report to the President of the Clearance and Inspection Services Business Unit, Damon Hudson.

"KeyPoint has a great tradition of delivering risk mitigation solutions to the U.S. government and has built a strong company by following a few key principles, while never deviating from its path," Lurie said. "KeyPoint has made its mission to stay one step ahead of the competition while providing an excellent working environment for its employees. I am proud to be joining a company with an excellent corporate culture and an atmosphere ready to take on the challenges of the future."

Mr. Lurie joins KeyPoint from USIS, where he served for almost 10 years in their Investigative Services Division. Most recently, as a Program Director, Mr. Lurie ran USIS' intelligence community programs within the investigative division. His problem solving techniques led to the adoption of multiple innovative strategies that his U.S. government clients were able to implement. Mr. Lurie oversaw the consistent addition of technological improvements into the security clearance process, helping to increase the timeliness of federal background investigations. Prior to this position, Adam held numerous jobs in investigative field management, including oversight of a regional geography encompassing 500+ investigators. In 2007, Adam received the CEO Award for outstanding achievement, handed out to the company's top leaders.

"Adam is a recognized leader in the background investigative community," said KeyPoint CEO Jeff Schlanger. "He has excellent customer relationships and will help manage the growing portfolio of clients that KeyPoint maintains. We are excited for the creativity that Adam is going to bring to the KeyPoint team."

Mr. Lurie holds a Bachelor of Arts degree in Journalism and Sociology from the George Washington University and a Masters of Science degree in Justice, Law & Society from American University.

**About KeyPoint**

*KeyPoint is a leading provider of security-clearance background investigations and employment screening services to U.S. government agencies, also providing related investigative, monitoring and fraud prevention services assisting agencies to ensure the integrity of their processes. KeyPoint's highly qualified and experienced employees serve federal, state and local government customers including the Office of Personnel Management, the Department of Homeland Security, the Transportation Security Administration, Customs and Border Protection, Immigration and Customs Enforcement, Citizenship and Immigration Services, the Department of Justice, the Army National Guard, and the Department of Energy, among others.*
